The Legend

While the Serpent looms
over the Southern lands,
and the dark riders roam
the country side,
a hero will come from
the True blood band.

As the forest writhes
from the dark ones hand,
and the religious taste
the Bitterness of defeat,
there shall come one with
the key to the sands.

While the Elven brothers
plot and plan,
and maidens disappear like
innocent lamb,
the hero will awake from
where Tindome Minas
stands.
